## LANGUAGES

French (native language), English (fluent), German (school level)

## SOFTWARE

3dsmax, Maya, Zbrush, Adobe Suite, Nuke (basics), Mudbox (basics)

## ABOUT THE FILM

First of all I undertook the modeling of the characters, the crowd and their various accessories. I then worked on the props (statues and furnishings) and on the sets. Managing such a large number of characters allowed me to achieve rigor and organizational skills. I then worked on the layout, textures, rendering and cloth. In the future I would like to specialize in modeling.
